

JASA MARGA - BITUNG AND CIKAMPEK INDONESIA

PROJECT DESCRIPTION

PT Jasa Marga (Persero) Tbk. was formed based on government regulation No. 04 in 1978 because of the state capital participation of the Republic of Indonesia. This state-owned establishment regulates the fields of management, maintenance, and provision of all toll road networks. Besides functioning as an operator, Jasa Marga is the only Indonesian's toll road authority. Through 9 branches and 11 subsidiaries, the company is the concession holder of 22 toll road sections with more to come. 73% of Indonesia's total length of toll roads are dominated by Jasa Marga.

KEY POINTS

- Extended Pavement Life
- Reduced Rutting & Raveling
- Reduced Cracking
