

Certification

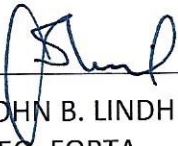

SYNTHETIC FIBER REINFORCEMENT

MATERIAL CERTIFICATION

FORTA hereby certifies that each grade of our fiber reinforcement is manufactured of 100% virgin synthetic materials containing no reprocessed materials. In addition, the FORTA[®] product grades are fully-oriented fibers, and are designed and manufactured specifically for use in asphalt. Finally, the FORTA-FI fibers are 100% manufactured in the United States of America and patented in the US Patent Court under patent number 8,114,514, (filed 8/12/09) and patent number 8,142,889 (filed 1/27/11).

SPECIFICATION COMPLIANCE

FORTA-FI[®] asphalt fiber reinforcement fibers comply with all material specifications tested according to DIN EN 10204, and using sampling method ISO 4167-1979(E) Section 8.2. Asphalt designs produced with FORTA-FI[®] have consistently exceeded the requirements of BS EN 13108.
