

MAVERICK USA, INC. PARKING LOT - NORTH LITTLE ROCK, AR

PROJECT DESCRIPTION

Maverick USA, Inc. had severe fatigue cracking throughout their parking lot and their maintenance entry/exit ways. When considering rehabilitation options, **they selected a FORTA-FI[®] reinforced asphalt solution over other pavement enhancing technologies due to the reduced installation time.**

UPDATE

In April 2016, a representative from Maverick, Inc. commented ***"We are very pleased to announce that not one single crack can be found!"***

KEY POINTS

- Extended Pavement Life
- Reduced Rutting & Raveling
- Reduced Cracking

DETAILS

Date: 2015
