

ROUNABOUT - KOLIN, CZECH REPUBLIC

PROJECT DESCRIPTION

On request of RSD (Czech National Road Administration) a FORTA-FI® reinforced asphalt mix on a roundabout where two main roads (one from Prague and the other one connecting Kolin to Prague – Hradec motorway) meet and enter the town of Kolin. The fourth exit from the roundabout leads to a large shopping center and experiences heavy traffic daily. **The goal of this project is to reduce cracking, raveling, and rutting in the roadway.**

KEY POINTS

- Extended Pavement Life
- Reduced Rutting & Raveling
- Reduced Cracking

DETAILS

Date: July 2012

Location: Kolin, Czech Republic

Tonnage: 540
