

CITY OF UNION STREETS - UNION, OH

PROJECT DESCRIPTION

The City of Union specified FORTA-FI® for the asphalt placed on several of their streets and a community park. The City Manager is looking for **extended life and less cracking** with the addition of the fibers to his traditional asphalt job mix formula. FORTA-FI® was manually introduced into the plant (in 1 lb. bags) for both the hot-mix and the warm-mix asphalt portions of the various projects.

KEY POINTS

- Extended Pavement Life
- Reduced Rutting & Raveling
- Reduced Cracking

DETAILS

Date: July 2011

Location: Union, OH

Tonnage: 2,400

Fiber: FORTA-FI®
